Amazon Review

Arguably Herman Melville's greatest work, and hailed as a classic American novel, *Moby Dick* tells the tale of one man's fatal obsession and his willingness to sacrifice his life and that of his crew to achieve his goal. The story follows the fortunes of Captain Ahab and the culturally and spiritually diverse crew of the Pequod, a 19th century whaling ship. The Pequod is on its last voyage out of New Bedford, Mass, in pursuit of Moby Dick, the great white whale which has been Ahab's obsessional quarry and bitter adversary for many years. Narrated by sole survivor Ishmael, the tale forms a complex fictional fusion, combining a wealth of literary symbolism, hidden meaning and philosophical debate with adventure narrative and a detailed historical account of the 19th century whaling trade. --*Emily Lawson Review*

"The infinite novel. Page after page the text grows in immensity, until it encompasses the whole cosmos." --  
Jorge Luis Borges

'the greatest American novel and Cormac McCarthy's favourite book' --William Faulkner Synopsis

The classic story of Moby Dick, the whale pursued relentlessly by the crazed Captain Ahab.
